Dutch Apple Cast Member COVID Safety Measures

- **Prior to the start of rehearsals:**
 - Actors and staff receive detailed screening questionnaires which must be completed and they must be cleared prior to contract
 - Actors requested to socially distance for two weeks prior to the beginning of rehearsals
 - Actors requested to follow CDC guidelines during the two weeks prior to the beginning of rehearsals: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>
 - Housing
 - Actors from out of the area will receive private rooms in housing
 - All living areas are disinfected and thoroughly cleaned prior to actor arrival
 - Abundant cleaning supplies are provided
 - NO GUESTS permitted at actor housing
 - If theatre or maintenance staff must enter cast housing, they will wear a mask and limit the amount of time in the house with as much advance notice as possible

- **During rehearsal process:**
 - Temperature check at the beginning of each shift (rehearsal)
 - Actors with a temp of more than 100.4F will be quarantined
 - UVC light installed in rehearsal space - used after each rehearsal and during lunch break (when actors not present)
 - Enhanced cleaning practices of rehearsal area (per CDC guidelines)
 - Props disinfected before each rehearsal
 - Facemasks
 - Facemasks must be worn during the rehearsal process and will not be removed until run-throughs begin or until the director and cast reach a unanimous decision to no longer wear them
 - Directors and choreographers are encouraged to reduce the amount of touching and increase as much distance as possible
 - Continued social distancing requested of all actors

- **During performance:**
 - Temperature check at stage door, with scheduled arrival times for actors
 - Call times strictly enforced to ensure appropriate screening
 - Actors with a temp of more than 100.4F will be quarantined
 - UVC light installed on stage and in dressing rooms and are used after each performance
 - Sweetener tracks are being recorded for all group numbers to limit the amount of vocally produced aerosols.
 - Recording will be done using social distancing guidelines.
 - Costumes cleaned regularly and separated on the rack for each actor with a plastic barrier.
 - Actors wipe down dressing room area after each use (chair and counter) using provided supplies
 - Enhanced cleaning practices (per CDC guidelines)
 - Disinfecting wipes and hand sanitizer are located throughout dressing rooms, green room, and backstage/side stage areas

- Backstage areas will be strictly restricted to essential personnel only.
- Continued social distancing requested of all actors
- Facemask use by actors:
 - Facemasks or face shields will be worn on stage
 - Wearing face masks while in the dressing rooms and green room is strongly encouraged.
 - Each actor will receive “performance face masks” for use while in the dressing rooms and green room that will be laundered with their costumes
- All props are disinfected before each performance
 - Wipes provided to additionally sanitize props as desired during performance
